horse go.

PRESIDENT: Alright Senator Duis, you are asking to withdraw that part of the motion and if there aren't any objections, then that will be withdrawn. Senator Duis?

SENATOR DUIS: Well I was asking for the adoption of the remainder of the amendments.

PRESIDENT: Alright now Senator Duis is asking for the adoption of the remainder of that amendment, is it possible to get that done Senator Warner?

SENATOR WARNER: Mr. President, I would only concur that there is some kind of a dollar man that has to be put in this bill in order to make any calculation as to what different schools can receive, this is a lower level of funding and I support but obviously some figure has to be put in so I see nothing, I do not object to putting this in.

PRESIDENT: Alright now Senator Lewis do you want to speak, then get your light off then. That is what confuses the Chair here when I can't try to find out who is talking and who isn't. Now then, the question is do you want to adopt the Duis amendment as it has now been changed? All those in favor of adopting that amendment vote aye, all those opposed vote no. This is a vote on the Duis amendment. He has eliminated part of the language and there is just one paragraph left, is it the Chair's understanding that is a funding paragraph? The funding paragraph that is left, you are voting on the Duis amendment which relates to the funding. Question is then do you want to adopt the amendment now has changed. Thank you. Clerk will record.

PRESIDENT: O.K., the amendment is adopted.

CLERK: Mr. President, there are other amendments on the bill and I have three motions to adjourn.

PRESIDENT: Is your microphone on?
